

PARAMETER

Operating Voltage: 5V

Current Consumption: 0.6 mA

Interface: I2C, SPI

Measuring Temperature Range: -40 to +85°C

Measuring Pressure Range: 300-1100 hPa

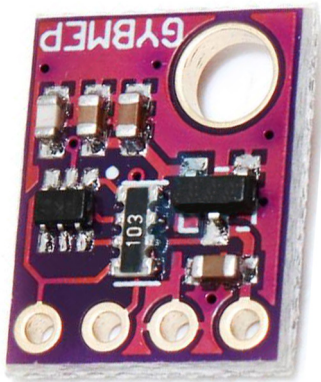

SIZE

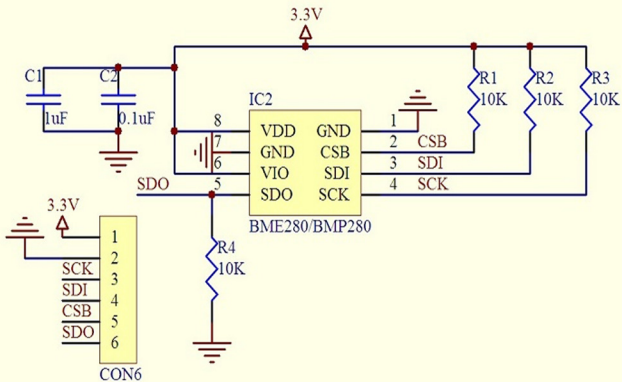

NOTE

As the sensor is quite sensitive to the environmental conditions, please **do not** touch it with your fingers

SCHEMATIC

APPLICATION

Temperature = 20.73 °C
Pressure = 99330.19 Pa
Approx altitude = 167.42 m

Temperature = 20.68 °C
Pressure = 99329.90 Pa
Approx altitude = 167.45 m

Temperature = 20.64 °C
Pressure = 99328.46 Pa
Approx altitude = 167.57 m
